נושא: Favor -- Mitt Romney Request to Connect with Ehud

Mooli,

How's everything? When is your next trip to the states? My dad made a bold statement the other day that he's heading to Israel within the year. We'll see if that happens!

I have a big favor to ask – my boss, Governor Romney, is putting together his annual Summit, called "Experts and Enthusiasts" which begins the evening of June 11th and continues through the afternoon of June 13th in Park City, Utah.

Governor Romney would very much like to speak with your brother, Ehud, about the event and ask him to speak or participate on a panel. Would you be comfortable with providing his phone number to Governor Romney? Even if your brother would be unable to attend or be a speaker, my hope is that they might enjoy connecting by phone regardless.

To give you some sense of what this "Experts and Enthusiasts Summit" (nicknamed E2) is: it's a unique opportunity to hear from political leaders from both parties and

from outside of the United States, as well as business leaders from various industries. As we gathered with these prominent leaders of industry, politics and philanthropy, I believe all who attended the Summit departed feeling inspired by the ideas that had been shared and discussed.

I've listed a portion of the speakers that we have been fortunate enough to have join us the last two years below, but should also point out that the experience at the E2 Summit is particularly enriching because of Governor Romney's vision to make this one of the few gatherings in the United States where the attendees are equally as impressive as the presenters. All in all, we ended up with over 250 attendees, all friends and associates from Governor Romney's life in business and politics.

In 2014 the theme of the E2 Summit was: *THE FUTURE OF AMERICAN LEADERSHIP: At Home and Abroad*. This year, we are still developing our theme, but expect it to cover two topics: innovation and global security.

Each year we also highlight interesting charitable or humanitarian efforts in which our attendees are involved. This year will be no exception.

Let me know if there is anything further that I can provide to be helpful. Below a list of a handful of the past speakers and my contact information under this list.

Marc Andreessen (Partner, Andreessen Horowitz)
David Axelrod (Founding Chair, CURE; Fmr. Senior Advisor to President Obama)
Erskine Bowles (White House Chief of Staff Under President Clinton)
Arthur Brooks (President, American Enterprise Institute)
Andrew Cherng (CEO, Panda Restaurant Group)
Clay Christensen (Harvard Business School, Best Selling Author)
Governor Chris Christie (Governor, New Jersey)
Cindy Crawford (Model, Entrepreneur)
Mark Cuban (Investor, Owner of Dallas Mavericks, Star of TV Show Shark Tank)
Randy Falco (CEO, Univision)
Brian France (CEO, NASCAR)
Seth Klarman (President, Baupost Group)
